PROFILE

I'm a detail-oriented Frontend Developer who truly enjoys the craft of building beautiful, intuitive web experiences. Specializing in React, my focus is on turning complex designs into fast, fluid user interfaces that feel great on any device. I treat every line of code as an investment, committed to writing clean, optimized solutions that deliver a truly smooth user journey.

SKILLS

- **Web Development:** reactjs,nodejs

EDUCATION

Bachelors in computer science and information technology

Trinity international Collage
2023-02-25 - 2024-07-17
